

WHAT IS BADANTES?

BADANTES is a **European Erasmus+ project** aimed at improving the professional skills, working conditions and social recognition of Romanian caregivers across Europe.

The project focuses on **understanding their real needs** through research and direct engagement, and on developing **practical training solutions tailored to the care sector.**

By combining awareness-raising, vocational education and European cooperation, BADANTES seeks to support **caregivers' integration, wellbeing and professional development** while contributing to higher quality care services.

**Promoting Excellence
among Romanian
Caregivers through VET
(Vocational Educational
Training)**

PARTNERSHIP

WHY THIS PROJECT?

Europe is facing an **ageing population** and a growing demand for care services.

Migrant caregivers play a key role in supporting this system, yet they often lack recognition, access to training and stable working conditions, with many working informally.

*Care systems depend on caregivers, but **caregivers are often unsupported.***

PROJECT OBJECTIVES

The BADANTES project aims to address key **challenges** faced by caregivers through the following objectives:

- **Improve the professional skills** of Romanian caregivers
- Promote access to high-quality **VET training**
- **Raise awareness** about caregivers' role and challenges
- Support better labour market integration and **better working conditions**
- **Strengthen cooperation** between European stakeholders

EXPECTED RESULTS & IMPACT

BADANTES targets Romanian caregivers, VET providers, care professionals, public authorities and the wider community.

The project will deliver practical results such as a training programme, research outputs and awareness materials, contributing to **better trained caregivers, improved quality of care, stronger social recognition and enhanced European cooperation.**
